# GraphQL API

**Targeting to finish v1 of API in mid-February.**

| 85% |
| :--- |

**End Q1**

## Previously Completed

- Deployment configuration for AWS Elastic Beanstalk

- Developed backend server architecture

- "Directive" support (@isAuthenticated, etc)

## In Progress

- Migrating "edge" schema into final version

- Authentication via Auth app token

- Continuing schema creation (including un-GraphQL Delivery and LCMS APIs)

- Deploying "dev" version to AWS

## Up Next

- Authorization Scope (limiting what a user can see, @hasScope)

- Filtering (e.g. find notes "where" type is only "leader")

- Alpha review from team

# LCMS Application

**Finish Your Library / Explore views and functionality.**

| 82% |
|---|

**End Q1**

## Previously Completed

- Initial build of basic functionality
- Power users provided initial feedback
- Build LCMS API (1/19)

## In Progress

- Build/Update Your Library / Explore (2/9)
- Build/Update Page Types (2/23)

## Up Next

- Build/Update TOC
- Add additional v1 functionality
  - Clipboard
  - Reuse
  - Fac Notes
  - Etc
- Polish and tweak anything based on feedback
- Get next wave (2nd group) of power users in

**verizon**√

# Delivery Application

**Finishing core views and functionality.**

| 85% |

**End Q1**

## Previously Completed

- Design Cleanup
- Documentation
- Classes Page

## In Progress

- Assignment page type
- API Preparation
- Notes Cleanup

## Up Next

- Connect to GraphQL API
- Final functionality added to each page

# Stats

**Finishing incremental data importer and fixing calculation bugs.**

| 80% |

**End Q1**

## Previously Completed

- Import status and log file
- Made scheduling tables reusable
- Implement import test mode
- Error trapping and callback

## In Progress

- Comprehensive unit testing

## Up Next

- Build UI
- Testing and modifications with real data

**verizon**√

# Training & Communication

**Scheduling informational calls and building training.**

| 50% |
| --- |

**End Q1**

## Previously Completed

- Shared details on several meetings with NH developers and program leads

## In Progress

- Attend Dan Holdredge's staff meeting on 2/6

- Scheduling 3 informational calls for all L&D week of 2/19

- Building training and reference albums for authors

## Planned

- Building training album for facilitators

- Building reference albums for facilitators and participants
